With the same surprising ease that she had gotten a plane out of San Francisco on a one-hour notice, Celestina booked two return seats on an early-evening flight from Oregon, as though she had a supernatural travel agent.. "Don't worry, love. I'll make sure the snap's are constructed so you can get it off me easily enough."..He slept outdoors rarely and otherwise stayed in inexpensive motels, boardinghouses, and YMCAs..If Junior were weak-minded enough to succumb to madness, this was the moment when he should have fallen into an abyss of insanity. He heard an internal cracking, felt a terrible splintering in his mind, but he held himself together with sheer willpower, remembering to breathe slowly and deeply..On Tuesday, January 2, Junior met with the drug dealer who had introduced him to Google, the document forger, and he arranged to purchase a 9-mm handgun with custom-machined silencer..A table candle glowed in an amber glass. To Nolly, in this glimmering light, Kathleen's face was more radiant than the flame..Hound was sorry for him. "You know, if it was Gelluk questioning you, he'd have everything you know out of you just with a word or two, and your wits with it. I've

seen what old Whiteface leaves behind when he asks questions. Listen, can you work with the wind at all?" "No. The information I gave you came from the coroner's office, which issued the death certificate. But even if I got into St. Mary's records, there wouldn't be a hint of where Catholic Family Services placed this baby." In the living room, the central and largest window framed a magnificent view, and swagged silk brocatelle draperies framed the window. An oversize hand-painted and heavily gilded chaise lounge, upholstered in an exquisite tapestry, stood against this backdrop of city and silk, and Renee pulled Junior down upon the chaise, desperate to be ravished there. In retrospect, he realized meditation didn't suit him. It was a passive activity, while by nature he was a man of action, happiest when doing. voice was flat, a drone; he had delivered not an emotional threat, but a quiet promise. Otter hesitated and said, "Yes." "Yeah, but I've been thinking about that. If he feels some kind of responsibility ... then why did he ever represent Cain in the first place?" If magic explained the jacks on Friday evening, maybe it was the dark variety of magic. Maybe he shouldn't be endeavoring to summon, once more, whatever spirit was responsible for the four knaves. I'm not the first to observe that much of what quantum mechanics reveals about the nature of reality is uncannily compatible with faith, specifically with the concept of a created universe. Several fine physicists have written about this before me. As far as I am aware, however, the notion that human relationships reflect quantum mechanics is fresh with this book: Every human life is intricately connected to every other on a level as profound as the subatomic level in the physical world; underlying every apparent chaos is strange order; and "spooky effects at a distance," as the quantum-savvy put it, are as easily observed in human society as in atomic, molecular, and other physical systems. In this story, Tom Vanadium must simplify and condense complex aspects of quantum mechanics into a few sentences in a single chapter, because although he isn't aware that he's a fictional character, he is obliged to be entertaining. I hope that any physicists reading this will have mercy on him. He hit Celestina with the big question, the huge question, just as she paused in her babbling to suck in a deep breath, the better to spout even more nonsense, whereupon this panicky inhalation caught in her breast, caught so stubbornly that she was certain she would need the attention of paramedics to start breathing again, but then Wally popped open the box, revealing a lovely engagement ring, the sight of which made the trapped breath explode from her, and then she was breathing fine, although snuffling and crying and just generally a mess. "I love you, Wally." Many police agencies required an officer to carry a firearm even when off duty. If the Oregon State Police had no such rule, Vanadium most likely carried one anyway, because in his crazy-as-a-snake mind. In the living room stood a Christmas tree, and under the tree lay prettily wrapped presents. Junior enjoyed opening all of them, but he didn't find anything he wanted to keep. unwittingly oversell any strong reaction, striking a false note and raising suspicions. Junior took one of the boxed guns, a 9-mm semiautomatic. Months would probably pass before she noticed the pistol missing from the back of her closet, and by then she wouldn't know who had taken it. As Junior paced the hotel room, his fear made way for anger. All he wanted was peace, a chance to grow as a person, an opportunity to improve himself. And now this. The unfairness, the injustice, galled him. He seethed with a sense of persecution. SERAPHIM AETHIONEMA WHITE was nothing whatsoever like her name, except that she had as kind a heart and as good a soul as any among the hosts in Heaven. She did not have wings, as did the angels after which she had been named, and she couldn't sing as sweetly as the seraphim, either, for she had been blessed with a throaty voice and far too much humility to be a performer. Aethionema were delicate flowers, either pale-or rose-pink, and while this girl, just sixteen, was beautiful by any standard, she was not a delicate soul but a strong one, not likely to be shaken apart in even the highest wind. In fact, although weak and achy, Junior felt mentally refreshed and wonderfully alert. When Celestina first entered his ICU cubicle, the sight of his face scared her in spite of the surgeon's assurances. Gray, he was, and sunken-cheeked-as though this were the eighteenth century and so many medicinal leeches had been applied to him that too much of his essential substance had been sucked out. When her hand went limp in Celestina's, her body sagged, too, and her eyes were no longer either focused or rolling wildly. They shimmered into stillness, darkled with death, as the cardiac monitor sang the one long note that signified flatline. By November 1967, the Father Brown detective stories, written for mystery-loving adults by G. K. Chesterton, thrilled Barty. This series of books would retain a special place in his heart for the rest of his life-as would Robert Heinlein's *The Star Beast*, which was among his Christmas gifts that year. ONWARD THROUGH THIS Monday, January 17, this momentous day, when the ending of one thing is the beginning of another. In the dark dumpster, tormented by ceaseless torrents of what-ifs, convinced that the spirit of Vanadium was going to slam the lid and lock him in with a revived corpse, Junior had for a while been reduced to the condition of a helpless child. Paralyzed by fear, withdrawn to the corner of the dumpster farthest from the putrefying pianist, squatting in trash, he had shaken with such violence that his castanet teeth had chattered in a frenzied flamenco rhythm to which his bones seemed to knock, knock, like boot heels on a dance floor. He had heard himself whimpering but couldn't stop, had felt tears of shame burning down his cheeks but couldn't halt the flow, had felt his bladder ready to burst from the needle prick of terror but bad with heroic effort managed to refrain from wetting his pants. A cast-bronze figure, fixed to lacquered walnut in want of raw dogwood, suffered above the bed. This crucifix, contrasting starkly with the white walls, reinforced the impression of monastic economy. Ordinarily, when Celestina was troubled, her art was a perfect sanctuary from all woes. When she was planning, composing, and rendering, time had no meaning for her, and life had no sting. Paul said, "I wanted you ... I don't know ... I just wanted you to see her. I wanted to say ... to say. . ." As Barty ascended higher, Agnes's fear became purer, but at the same time, she was filled with a wonderful, irrational exhilaration. That this could be accomplished, that the darkness could be overcome, struck music from the harpstrings of the soul. From time to time, the boy paused, perhaps to rest or to mull over the three-dimensional map in his incredible mind, and every time that he started upward again, he put his hands in exactly the right place, whereupon Agnes would speak a silent inner yes! Her heart was with Barty high in the tree, her heart in his, as he had been with her, safe inside her womb, on the rainy twilight that she had ridden the spinning, tumbling car to widowhood. the sentences. The substance of what she said and the tone in which she said it were so perfect that it almost seemed as though an angel had relieved her of this burden by possessing her long enough to help her son understand what must happen and why. He rolled Neddy onto one side, but no gold watch lay underneath, so he let the musician flop onto his back again. As nimble as a geriatric cat, crying out with pain, Junior nevertheless sprang onto the deep windowsill and shoved against the twin panes of the window. They were already partly open-but they were also stuck. Crouched on the deep sill, pushing against the parted casement panes of the tall French window, using not just muscle but the entire weight of his body, leaning into them, the maniac tried to force his way out of the bedroom. "No," said Vanadium, "you only think you know who I am and what I am, but you don't know anything. That's all right. You'll learn." Not cheerful, life-loving, high-spirited, churchgoing Naomi. She saw every day through a golden haze that came

from the sun in her heart. Otter's humble teachers had taught him pride. They had trained into him a deep contempt for wizards who worked for such men as Losen, letting fear or greed pervert magic to evil ends. Nothing, to his mind, could be more despicable than such a betrayal of their art. So it troubled him that he couldn't despise Hound. A floor-to-ceiling bookshelf was crammed with pulp magazines that had been published throughout the 1920s, '30s, and '40s, before paperback books supplanted them. The All-Story, Mammoth Adventure, Nickel Western, The Black Mask, Detective Fiction Weekly, Spicy Mystery, Weird Tales, Amazing Stories, Astounding Stories, The Shadow, Doc Savage, G-8 and His Battle Aces, Mysterious Wu Fang Junior was impressed and delighted by her clever assumption of it strictly professional voice and demeanor, which convincingly masked her intense desire. Sweet Victoria was a worthy coconspirator. He switched off the flashlight and stood solemnly for a moment, paying his respects to Seraphim. She had been so sweet, so innocent, so supple, so exquisitely proportioned. From Sparky, Tom Vanadium had borrowed a master key with which he could open the door to Cain's apartment, but he preferred not to employ it as long as he could enter by a back route. The less often he used the halls that were frequented by residents, the more likely he would be able to keep his flesh-and-blood presence a secret from Cain and sustain his ghostly reputation. If too many tenants got a look at his memorable face, he would become a topic of discussion among neighbors, and the wife killer might tumble to the truth. The following morning, he canceled his German lessons. It was an impossible language. The words were enormously long. Leashed like a dog, he walked along, sullen and shivering with sickness and rage. He stared around him, seeing the stone tower, stacks of wood by its wide doorway, rusty wheels and machines by a pit, great heaps of gravel and clay. Turning his sore head made him dizzy. For Agnes and Barty, one stop remained, where some of the joy of Christmas would always be buried with the husband that she still missed every day and the father that he would never know. After the paralytic bladder seizures had passed and Junior had drained Lake Mead, Chicane recommended plenty of caffeine and sugar to guard against an unlikely but not impossible spontaneous return to a trance state. "Anyway, after pumping alpha waves for as long as you just did, you shouldn't actually need to sleep anytime soon." Maybe the bright side was that the musician hadn't either wet his pants or taken a dump while in his death throes. Sometimes, during a comparatively slow death like strangulation, the victim lost control of all bodily functions. He'd read it in a novel, something from the Book-of-the-Month Club and therefore both life-enriching and reliable. Probably not Eudora Welty. Maybe Norman Mailer. Anyway, the men's room didn't smell as fresh as a flower shop, but it didn't reek, either. At the far end of the table, Agnes shot up from her chair as her son said rain, and as he said wet, she spoke warningly: "Barty!". Worse, the vengeful and vicious bitch-or bastard, whatever-evidently had made up vile stories about him, which on a slow evening she'd shared with Neddy, with the bartender, with anyone who would listen. The staff of the lounge believed Junior was a dangerous sadist, no doubt she had concocted other lurid stories, as well, charging him with everything from a degenerate interest in bodily wastes to the selfmutilation of his genitalia. Under a sullen afternoon sky, in the winter-drab hills, the yellow-and-white station wagon was a bright arrow, drawn and fired not from a hunter's quiver but from that of a Samaritan. If Vanadium appeared among these men, Junior would not only puke out the contents of his stomach, but also would disgorge his internal organs, every last one of them, and spew up his bones, too, until he emptied out everything within his skin. He knew the sermon, of course. The example of Bartholomew. The theme of chain-reaction in human lives. The observation that a small kindness can inspire greater and ever-greater kindnesses of which we never learn, in lives distant both in time and space. Lifting his martini, theatrically gesturing to the tablecloth where the glass had stood, as though the lack of coins proved that he, too, had sorcerous power, Nolly said, "Another round of this magical concoction?". As Sklent so insightfully put it: Some of us live on after death, survive in spirit, because we are just too stubborn, selfish, greedy, grubbing, vicious, psychotic, and evil to accept our demise. None of those qualities described sweet Naomi, who had been far too kind and loving and meek to live on in spirit, after her lovely flesh failed. Now at one with the earth, Naomi was no threat to Junior, and the state had paid for its negligence in her death, and the whole matter should have been brought to closure. There were only two barriers to full and final resolution: first, the stubborn, selfish, greedy, grubbing, vicious, psychotic, evil spirit of Thomas Vanadium; and second, Seraphim's bastard baby--little Bartholomew. If the directory proved to be of no help, Junior would proceed next to the registry office at the county courthouse, to review the records of births going back to the turn of the century if necessary. Bartholomew, of course, might not have been born in the county, might have moved here as a child or an adult. If he owned property, he'd show up on the register of deeds. Whether a landowner or not, if he did his civic duty every two years, he would appear on the voter rolls. With the uniformed troopers was a stocky, late-fortyish, brush-cut man in black slacks and a gray herringbone sports jacket. His face was almost pan flat, his first chin weak, his second chin stronger than the first, and his function unknown to Junior. He would have been the least likely man to be noticed in a ten-thousand-man convention of nonentities, if not for the port-wine birthmark that surrounded his right eye, darkening most of the bridge of his nose, brightening half his forehead, and returning around the eye to stain the upper portion of his cheek. A pink spot in the center of Victoria's forehead marked the point of impact. Soon it would be an ugly bruise. The skull bone did not appear to have been cratered. Nevertheless, when the points of soreness in his brow and cheeks gradually grew worse, he stopped at a service station near Courtland, bought a bottle of Pepsi from a vending machine, and washed down yet another capsule of antihistamines. He also took another antiemetic, four aspirin, and-although he felt no trembling in his bowels-one more dose of paregoric. He was prepared to find Vanadium sitting at the pine table, enjoying- a cup of coffee. The kitchen was deserted. During the day and then following a dinner break, the Hackachaks persisted. The hospital had never witnessed such a spectacle. Shifts changed, and new nurses came to attend to Junior in greater numbers than necessary, using any excuse to get a glimpse of the freak show. with an encircling and suggestive lick, and then licked his lips, too, when the cold steel slipped free of them. For an instant, she appeared to be frowning. Then he realized this couldn't be a frown. It must be a smoldering look of desire. Airborne, Phimie complained of ringing in her ears, which might have been related to the flight. She also suffered an episode of double vision and, in the airport after landing, a nosebleed, which appeared to be related to her previous symptoms. Regrettably, at 2:00 A.M., February 28, waking alone in Tammy's bed, Junior sought her out and found her snacking in the kitchen. Forsaking a fork in favor of her fingers, she was eating a. "Yes, Barty," Tom said. "I feel a depth to life, layers beyond layers. Sometimes it's ... scary. Mostly it inspires me. I can't see these other worlds, can't move between them. But with this quarter, I can prove that what I feel isn't my imagination." He extracted a quarter from a jacket pocket, holding it between thumb and forefinger for all but Barty to see. "Angel?". This was the same woman who had been stripping the second bed when Celestina arrived earlier. Now she was here to remake the first. "Miss White was admitted to St. Mary's late January fifth," said Nolly, "with dangerous hypertension, a complication of pregnancy." Oblivious that she

and Barty had become the center of attention, Angel said, "Does he ever get the quarters back?". Highly impressed by the spot-on hyena scream with which Frieda had purged herself of the childhood emotional trauma inflicted by an authoritarian grandmother, Junior asked her to go out with him..LEFT HAND ON the banister, right hand with knife tucked close to his side and ready to thrust, Tom Vanadium climbed cautiously but quickly to the upper floor, glancing back twice to be sure that Cain didn't slip in behind him..Barty approached stair climbing as a mathematical problem, calculating the precise movement of each leg and placement of each foot necessary to successfully negotiate the obstacle. He proceeded less slowly on the next three steps than he had on the first three, and thereafter he ascended with growing confidence, pumping his legs with machinelike precision.. "Your forgiveness won't make any of it right," he said, "nothing could, but it might start to give me a little peace.". Her lifelong optimism, her buoyancy, which she had miraculously sustained through so many difficult years, would never survive this. She would no longer be a rock of hope for him and Edom. Their future was despair, undiluted and unrelenting.. a deeply troubled John Wayne while the delightful David Niven floated along overhead in a basket suspended from a huge, colorful hot-air balloon.. He did not look at the battered face. Dare to meet those shuttered eyes, and they might spring open, full of blood and fix him with a crucifying stare.. "And you're saying fear can fill his emptiness as well as sex or booze?" Kathleen wondered.
